“Human beings everywhere should learn, understand, and grasp the noble knowledge from divine Rishis and Sages from Bharatavarsha and apply the same to acquire every kind of prosperity and happiness in their material as well as spiritual life.”

Bhishma Sanatan Vedic Hindu University is dedicated to exploring and revitalizing the Sanatan Vedic Hindu Dharma to address global challenges and promote a sustainable future. Rooted in the essence of "Our Roots Give Us Wings," the university envisions uplifting the world through the timeless wisdom and practices of the Sanatan way of life. With a mission to reignite these ancient principles in every aspect of human endeavour, we offer a unique educational experience that blends respect, inclusiveness, purity, and commitment. Our programs guide students to lead harmonious lives while contributing to the resurgence of Vedic knowledge, fostering a deeper connection with the Earth and its future.

Sanatan Vedic Hindu Dharma transcends the conventional definition of religion. Unlike religions such as Christianity, Islam, or Judaism, which are centered on one God, one book, and one belief system, Sanatan Dharma embraces tolerance and personalization. It is not confined to any single doctrine or sect but allows for diverse faiths, beliefs, and practices. This inclusive nature is reflected in its vast body of scriptures, including the Vedas, Upanishads, Brahmanas, Puranas, and Smritis, which collectively encompass over 10 million texts available in various languages across India and beyond.

Sanatan Dharma is a holistic way of life that offers complete freedom and independence. Its ancient educational systems, such as

Gurukul Shiksha, Family Shiksha, and Samaj Shiksha, are fundamentally different from the educational frameworks of other religions. Students of Sanatan Vedic Hindu Dharma engage with a wide array of literature, cultures, and philosophies, cultivating a deep understanding of its principles through a holistic approach to education and knowledge-sharing.
